An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of the administration of the control of t in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by urresting the development of Laryngitia, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a madicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and there of Colds and influenza, adments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of the class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste practous time in experimenting with medicines of doubtful efficacy, white the malady is constantly galning a deeperhold, but take at once the specifical.

THERE'S a legend in the city And the country, often told How the ravages of Time Caused the clothing to grow old.

CHEAP CHARLEY is his cognomer A name that's pleasing to the ears And when he sees a man in tatters His honest heart dissolves in tear Fine Suits he sells at lowest figures

He tries them on the lawyer Without judge or jurymen. The judge wears his ermine, And the witnesses the coats;

The jury scan the fabrics While they cast the clearing votes. Talk about your clothing stores ! Cheap Charley can't be best;

He'll cover up your nakedness And make you look so sweet. The cops will never stop you, Or show undue surprise;

The Cause of It. There is no need to conceal the election is a source of the keenest disappointment to the Republicans throughout the whole country. They had been led to expect an easy victory in that state, the expectation being based upon the close vote of last year, the open dissatisfaction of many Democrats with their ticket, and the return of the mugwumps to the Republican fold. All the hopes founded upon these expectations proved to be delusive, and the campaign conducted upon them turned out to be a mistake. Republicans should begin to learn a few things experience so often is of the same no expectations upon stories of Dem-

by experience, especially when the kind. They should learn to build ocratic disagreement. That party has always possessed the ability to whip its disgruntled members into the ranks in time for election. No matter how much they may kick over the traces in the early days of the canvass, they usually become perfectly docide before the voting begins, and respond to the commands of the leaders at the polls just as though they had always recognized the superior fitness of every man on the ticket. This has been the case so uniformly that Republicans should not be deceived. The fond hope that the prodigals of last fall would return in such numbers as to utterly overwhelm the Democratic party seems to have been equally delusive. The mugwumps either did not return, or their strength in the state is far below Civil Service Commission, with which the numbers of which they have boasted. The candidate was acceptable to them and the platform not objectionable, but where were their votes on Tuesday? The lesson to be deduced from the result is the same that has been so often repeated in the past-namely, that a political party cannot afford to sacrifice its policies and traditions in order to please its enemies. It must do the best it can, according to the light it has, and try to win back its dissatis fied members by argument rather than by surrendering to them. A party cannot exist upon the favor of its enemies, nor by extering to their wishes; it must preserve the confidence of those whose votes it ex pects to get from year to year. A different policy is almost certain to result as did that pursued by the Republicans in New York on Tuesday, where the favor of the prodigals was courted (and probably se enred), while the votes of the "regulars" were left to take care of them. selves. New York went Democratic, not because there is a majority of Democrate in the state, but because so many Republicans did not care

Trial of the Squake Murderers-Perry Boyne Acquitted.

SEATTLE, W. T., November 5.-The jury in the case of the United States against Perry Boyne, after being out thirty minutes, returned at seven o'clock Tuesday night with a verdict of not of the Thomas concerts commenced. guilty. Boyne is one of seven men who Mr. Thomas recently bired a musician in were indicted for murder in the first de-Europe, but by the laws of the New York Musical Protective Union, none out members of that body shall be adgree for the killing of two Chinamen recently at Squaker. The court-room was filled to overflowing during the summing up by his counsel, many ladies being present within the bar. The charge of Justice Greeve was elaborate, lng Mr. Thomas was at ms pose at upon the stage, when a notification was served upon him that a fine of \$10 would be imposed upon each member of the band that took part in a performance in which charge of Justice Greece was Emborate, and was listened to with the most rapt attention. The District Attorney entered a noile prosequi in two other charges of murder against Boyne.

The six other men under indictment a non-union member was engaged. Several of the musicians thereupon declined to play and left the Academy at once. There appeared a likelihood at first that

will be tried at once. Daniel Hughes, of Squake, comes first on the list. There are twenty-three indictments against are twenty-three indictments against these men. It is claimed that the task of acquitting the remaining Squake nurrderers will be an easy one.

There appeared a likelihood at 118t that the concert would not be given, but the difficulty was settled by Thomas promising to pay all the fines imposed, amounting in this case to \$7.0. Should the new musician appear in Thursday's concert, Mr. Thomas will be fined \$20 for each of his men, and a third offense will The W. S. Warner Trial. NEW YORK, November 5 -The examnation of W. S. Warner before United States Commissioner Shields was continued yesterday: E. W. Rossiter, Wm. H. Vanderbilt's private secretary, identified the famous \$150,000 check which Mr. Vanderbilt gave to General Grant. The check was drawn on the Lincoln Na-tional Bank, and was dated May 2, 1884. Mr. Rossiter was nowilling to let the few days ago sanltary officers proceeded to the residence of a man named Gagecheck go out of his hands.

GUILTY OR NOT GUILTY.

The Walkup Poisoning / Case Submitted EMPORIA, KAS., November 5.-There are some new [developments in the Walkup poisoning case. Mr. Fenlon, of the defense, was taken sick, at least, so he claimed, although it is said on the street that it was merely a truse to gain time and better prepare himself to combat the powerful efforts of the prosecution. Interest in the outcome of the trial is becoming stronger as the case draws to a close, and almost every one in the city is a strong partisan either of one side or the other. So strong its the feeling that Tuesday at the adjournment of the court quite a war of words took place in the court-room in the presence of Judge Graves and most of the members of the bar between some of our leading ladies. The wife of one of the stronger engaged in the case iraws to a close, and almost every one carpenter now formed their med in Lie, at the same time shouting that they would shoot the first man attempting to dispute their passage. They then retreated, leaving Gagenon for the third time twictorious. The health officials will consult as to the advisability of the house by storm. attorneys engaged in the case declaring emphatically that she did not care so much to hear counsel abuse each other, but she did object to having outsiders abuse her husband and his colleagues of the prosecution. Even most of the members of the press are known to favor one side or the other and make no secret of their opinion. The general opinion now is that the jury will be out race at Brighton Beach yesterday was some time and will probably not agree

on a verdict. Argument in the Walkup case was endargument in the warming as was ware ed at 15:45 yesterday, and the jury have retired to consider on a verdict. The feeling still is that it will result in a hung jury. There are now romors afoat that one of the jurors had expressed opinions as to the case prior to being called to serve on the case. In the possibility of a verdict of guilty, this will be taken advantage of by the defense in the future.
